OTHER UNIVERSITY CODES AND THE CIVIL LAW

The University's "Rights and Responsibilities..." Code proscribes conduct that will often have a direct bearing on the ability of faculty and students to achieve their academic goals. Therefore, violation of the "Rights and Responsibilities" Code will often result in a violation of academic integrity as well. For example, harassment, physical and verbal abuse, drunkenness, disturbance of the peace, etc. impair academic life. If a violation occurs which might be addressed by either code, the University will pursue action under either the Academic Code of Honesty or the "Rights and Responsibilities..." Code but not both.

If a question as to which code should be applied to a particular situation arises, the Provost and the Vice President for Student Affairs will confer concerning the particular venue of the potential violation and reach a decision.

WORKPLACE PROHIBITED BEHAVIORS

Possession of firearms, explosive devices, martial arts paraphernalia, knives, or any weapon of any kind are forbidden anywhere on campus.

The University of Scranton prohibits threatening or violent behaviors directed at an individual, group of individuals, or class of individuals or relatives of those individuals. This policy applies to any threats or acts of violence related to the University of Scranton workplace. Prohibited behaviors include, but are not limited to:

- a. Threats or acts of violence made directly or indirectly by words, gestures or symbols;
- b. Threats or acts of violence that are targeted at any specific class of individuals;
- c. Intimidating threats or acts in any manner or form, which intimidate, coerce or cause fear of harm.

GENERAL

- c. Each department should devise a system for evaluating adjunct faculty each semester, using at least the results of the course evaluation forms, and involving full-time faculty. The system should be reported to the Dean's Office by the departmental chairperson. All full-time faculty who are involved in the department's evaluation system for adjunct faculty will have access to the adjunct faculty evaluation files.
- d. Official personnel files for all adjunct faculty are maintained in the Dean's Offices. At a minimum, the results of the course evaluations each semester and the departmental evaluation each year will be placed in the evaluation file. Additional items may be placed in the evaluation file by the adjunct faculty member him/herself.
- e. Adjunct faculty may examine items in their evaluation files in the Dean's Offices. Twenty-four hours' notice is required.

OBSERVANCE OF SCHEDULE

Schedules for classes and assignments for classrooms as issued by the Registrar's Office are to be adhered to exactly. No changes of any kind are to be made without approval of the appropriate dean.

FACULTY ABSENCE

Faculty members must notify their department chair and dean when they are absent from class. This policy applies to absences that are known ahead of time (e.g., professional meetings or planned medical procedures) and absences that occur unexpectedly (e.g., illness, emergency, inclement weather). If known ahead of time, faculty members should notify the students and if possible, these absences should be indicated on the course syllabus. It is also

All faculty are encouraged to maintain an attendance record for at least the first two weeks of class. This record will help establish a student's attendance in a class, if a question of refund arises.

A printed copy of Corrected Class Lists are sent via campus mail to all faculty two class days after the last day on which students may add classes.

The instructor is responsible for directing any person whose name does not appear on the official roster to go to his/her Advising Center or Dean's office as soon as possible. These students may continue to attend class only after presenting a signed and dated Schedule Change Form to the instructor.

Any student who attends class, but who is not properly registered will not receive credit for the class or a grade at the end of the semester. If a student is listed on the official class list but is not attending, note this on the Office of the Registrar & Academic Services copy of the official class list and return it on or before the due date. The Office of the Registrar & Academic Services will attempt to contact the student to inform him/her that the student is responsible for officially dropping the course.

Note: Important memos and grade reminders will be sent to your University of Scranton email account -- please check your University email or route it to the email address you usually check. If you visit the Registrar's webpage at www.scranton.edu/registrar you will find academic calendars with grade due dates as well as other helpful information.

Mid-term Grades are required **only for first-year and deficient undergraduate students** and must be submitted through Self Service in my.scranton.edu. Instructions for mid-term grade submission are emailed to the faculty each semester, and it is necessary to have an active University of Scranton email username and password in order to submit grades. Even though the web grade roster will show all students registered for the courses being taught, only first-year (0-29.99 credit hours) and deficient non-first-year (i.e. deficient sophomores (30-

end of the second week of the semester (or by the second day of the summer sessions and Intersession). The option cannot be reversed after the fourth week of class (or the fourth day in the summer sessions or Intersession). Courses that the student will use to fill free elective or free cognate requirements are eligible under the Credit-No Credit Option. The following courses are not eligible: courses used to fulfill general education requirements, including Writing Intensive (W) and Cultural Diversity (D), courses in the major and required cognate, courses in a minor or concentration, and those used to fulfill requirements in the Honors and

The University academic calendar. This deadline is approximately 30 days before the last class day for the semester and a proportionate period of time for a short session. Failure to withdraw officially from a course will result in a failing grade.

Repeat of course

Special permission is not needed to repeat courses. Recording of grades for repeated courses are governed by the following conditions: 1) Credit for a course is granted only once; 2) Credit for the course is lost if the course is repeated and failed; 3) The most recent credit and grade counts toward the GPA with these exceptions: a W, I, IP, or NG grade cannot replace another grade; 4) Each attempt to complete a course will be reported on the student's transcript.

Appeal of Grade

A student who believes the grade received for a course is unreasonable should first appeal the matter to the professor, whose decision is normally final. The student has the right, however, to appeal to the faculty member's chairperson, who will make a recommendation in writing to his/her dean. The student may request the dean to review the matter. The decision of the dean is final. Ordinarily, no grade change will be considered unless it has been raised to the level of the dean's office within one month from the time the original grade was made available to the student.

Graduate Courses

The following grades are used in graduate course work and continue on the next page:

A	Superior/Outstanding
A-	Excellent
B+	Very Good
B	Good
B-	Fair
C+	Passing Grade
C	Minimal passing grade
F	Failure
S	Satisfactory grade if grading mode is "IS" (not computed in GPA)
U	Unsatisfactory or Fail if grading mode is "S" (not computed in GPA)
IP	"In Progress;" used only for thesis work which is not yet completed. This grade is temporary, and once the work has been completed, it must be converted to one of the permanent grade symbols.
W	Withdrawal; Note: students may not withdraw within the last four weeks of class in a semester.
I	Indicates postponement of the completion of a course. It is given at the discretion of the instructor to a student who is doing satisfactory work but who has not completed all of the course requirements at the end of a given semester. Failure to complete the necessary work within the stipulated time

	results in automatic conversion of the "Incomplete" to a permanent grade of F.
AU	Indicates that a student has taken a course for which permission has been granted without a grade being awarded. Students must secure such authorization prior to the start of a course. Entry of the audit grade on a transcript assumes satisfactory attendance at class meetings. The student should consult with the instructor to determine what constitutes satisfactory attendance.

Graduate students must maintain a cumulative GPA of 3.0 (B average) in order to remain in good standing. Failure to do so results in being placed on academic probation or being dismissed. Consult the current online *Graduate School Catalog* for further details.

Withdrawal from a graduate course

Students are alerted that they may drop a course during the time in which they are entitled to a refund of any amount. To drop a course students must complete a "Schedule Change" form.

After the time in which a student is entitled to a refund has elapsed, students will be permitted to withdraw from a course. To withdraw from a course, students must complete a "Schedule Change" form. The student's transcript will contain the course number and title, along with a "W" for "Withdraw." Students may not withdraw within the last four weeks of class in a semester.

Adding a graduate course

To add a course, students must complete a "Schedule Change" form by the time of the "add deadline" in the academic calendar.

Change of Grade

If an instructor wishes to change a grade for a student, an official Change of Grade form must be completed, signed by the instructor, and approved by the Dean of the course. Hard-copy Change of Grade forms are available from the Office of the Registrar & Academic Services, located in O'Hara Hall 106. They are also available on the Office of the Registrar & Academic Services webpage. The form, once fully completed with appropriate signatures, should be returned to the Office of the Registrar & Academic Services. The grade will then be changed on the student's transcript.

In no case should a Change of Grade form be given to a student to deliver.

Appeal of a Graduate Course Grade Policy has been approved by the Graduate Dean's Conference and appears in the online *Graduate School Catalog*.

Appeal of a Graduate Course Grade

03 – Junior (50-89.99 Earned Hours)
04 – Senior (90 or more Earned Hours)

GUEST SPEAKERS

When appropriate, faculty may invite guests to class for lectures, group presentations or demonstrations. Honorariums for guests are limited. Requests for honoraria/ presentation fees must be presented to department chairs well in advance of the session so that the chair, in turn, may obtain appropriate approvals from the Dean and Provost/Vice President for Academic Affairs.

INTERNSHIPS

Internships are available to the students both for credit and not for credit.

For Credit Internships are individualized, supervised experiences in a work or volunteer setting which the University judges to be worthy of academic credit. The internship should help students gain new knowledge and apply classroom knowledge, so their knowledge becomes contextualized and operational. The internship needs to be structured according to departmental guidelines so that student, faculty member and on-site supervisor know what is expected of each so that it is truly an educational experience. Internships usually occur during the student's junior or senior year and should be on a P/F basis. Compensation will be based on number of students enrolled for the course. Guidelines and internship forms are available from the Deans' offices and from the Department Chairs.

Internships Not for Credit are experiences for which credit is not reflected on the official transcript. Through Career Services, there are opportunities for students to do paid and non-paid internships for not-for-profit and profit organizations and companies. These experiences may be reflected on the Co-curricular Development Transcript available via
